

King Philip, Norfolk, Plainville & Wrentham Schools

Parent/Guardian Wellness Education Series

The four districts are pleased to invite you to attend the second event in our series related to social and emotional wellness. We look forward to seeing you at this event, or at one of the programs planned for this spring.

Making Sense of Healthcare Financing

Navigating healthcare financing can create barriers to accessing behavioral health support for children. Our speaker will provide an overview of Mass Health Programs with emphasis on CommonHealth and the pathways to eligibility. She will discuss access to benefits and services, including MA Premium Assistance Program; and explain associated costs. Learn about recent insurance coverage changes in MA for behavioral health services for children for both private and public insurance. For parents of children ages 0-19.

Speaker: Pat Nemias, MA PT

Pat Nemias is the Project Director of Mass Family Voices/F2F Health Information Center at the Federation for Children with Special Needs. Pat has many years of experience in health care as a physical therapist, educator, and administrator. In her role at FCSN, Pat educates and empowers families in health care financing including Mass Health issues.

This program will be offered twice:
