Director's Note:

We are so excited for our debut musical production of Annie KIDS! We could not have come this far without all the support from parents, students, colleagues, custodians, administration, and the school community as a whole. This production includes more than 50 middle school students from grades 6-8. Every student, whether in the tech department or on stage, have all been focused on the importance of working together and understanding how critical it is to support each other in our roles. The kids have come to learn that it takes a team to put on this production and every contribution is crucial, no matter how small.

We have come so far and we are so proud of all our students and the progress that they have made! We have seen them grow so much throughout this process and are looking forward to seeing where their talents and passions carry them in the future.

We hope you enjoy our show as much as we have enjoyed putting it together.

Sincerely, Tammy Johnson, Jillian Griffin, and Jasper Demello
